C-NRPP Strategy Map

Mission Statement:

C-NRPP is committed to ensure all Canadians have access to a certified radon professional.

Vision Statement:

C-NRPPs vision is to have radon services available in all regions of Canada and that Canadians recognize the need to use certified radon professionals when having their home tested and fixed.

Objective: In 5 years ensure every region of Canada has access to radon services.

**Ensure Mitigators
are in every region
of Canada**

**Ensure Canadians Test
their homes.**

Regionally

Campaigns

**Develop
Measurement
Professionals
and
Companies**

**Balance the Budget to Ensure Program is
Self-Sustaining**

Gradually grow a marketing budget.

Next Steps:

- New QA/QC Manual
- New Short Term Protocols
- Implement Home Radon Alarm Listing
- Increase Profile of C-NRPP
- Mitigation Mentorship Program
- Short Term Protocol
- Develop a Marketing Strategy

**The certification program gets better
with you.**

Keep giving me your input.

Thank you.
